Pretrial Order No. 14 requires Plaintiffs to serve Plaintiff Fact Sheets, including a completed and signed medical authorization, “no later than 90 days after the filing of their complaint or short-form complaint, or completed transfer of their case to this MDL proceeding, whichever is later.” MDL Dkt. No. 117 at 1–2. Because in many of the above-captioned cases years have passed since Plaintiffs served a Plaintiff Fact Sheet and signed medical authorization, updated medical authorizations are needed.

IT IS HEREBY ORDERED: Plaintiffs are required to serve Defendants an updated medical authorization by July 31, 2025.

Dated: July 16, 2025
